"If we want Children to become creative leaders, then we must learn to follow their lead at an early age." - Vince Gowmon

Novus is now a name that has become a coveted mention among parents of the tiny tots of North Bengaluru. Novus makes learning an immersive and holistic experience through practical situations meeting international education demands by nurturing inquiry and fostering skills. Experiential learning and 'child-first' ethos ensure that every need of each child is met. through discovery, connect, express, bond over similarities and even celebrate differences. Little ones at Novus learn with pleasure and not pressure. I am so thankful to each individual related to NOVUS in making it the happening institution in the city.

J. Soujanya
Joint Secretary, NES and Founder, Novus ELC

Dear Patrons, You have in your hand the latest edition of our NOVUS newsletter. It captures the momentous moments of a NOVUSian's time spent at the school. We have tried our best to make sure this memoir of NOVUS helps you in recapitulating your eventful association with NOVUS ELC. This newsletter is a compilation of the immense effort put forward by the ingenious NOVUSians and a specimen of their creativity and spontaneity. It tries to bind together each and every aspect of our very own 'Novus family'. I might term this issue as a reminiscence of our success story. This was a splendid year, with our little NOVUSians bringing laurels to themselves and to the school in all possible spheres. Their activities and enthusiasm were so vivid that this issue has become so vibrant. As a saying goes, 'a flower makes no garland', this newsletter is the effort put in by any individual, but is the immense effort put forward by all teachers and dear NOVUSians. We hope you will cherish our efforts. the school in all possible spheres. Their activities and enthusiasm were so vivid that this issue has become so vibrant. As a saying goes, 'A flower makes no garland', this newsletter is the effort put in by any individual, but is the immense effort put forward by all teachers and dear NOVUSians. We hope you will cherish our efforts.

NEWSLETTER
Edition-2

Sangeeta Sarangi
Coordinator, Novus ELC

As we come to the end of another academic year, I would like to take this opportunity to reflect on the past months and to thank you for your continued support. This year has been filled with numerous events, celebrations, and activities that have brought joy and excitement to our preschool. From our annual sports day to our Christmas celebrations and literary festival, our students have had the opportunity to learn and grow in a fun and engaging environment. One of the highlights of this year was our Literary Week celebration, where we had the pleasure of showcasing the works of some of the most beloved children's authors, such as Eric Carle, Julia Donaldson, and Roald Dahl.

Our students had a wonderful time immersing themselves in the magical worlds created by these talented authors, and I'm sure many of them have been inspired to become lifelong readers. We have also had the pleasure of celebrating various festivals and special occasions, which have allowed us to teach our students about different cultures and traditions. As part of our commitment to promoting environmental awareness, we also organized a walkathon on clean and green India, where our students, parents, and teachers came together to raise awareness about the importance of keeping our environment clean and healthy. It was heartening to see the enthusiasm and commitment of our little ones as they took part in this worthy cause. Our students and their families came together to show their support for a cleaner and greener future for our planet. It was heartening to see our students' dedication to protecting the environment and their enthusiasm for making a positive impact on the world. We initiated a mentoring program for our preschoolers this year, which aims to provide them with personalized guidance. Our dedicated mentors have been working closely with the students and their parents, providing them with guidance, motivation, and encouragement. In addition to this, we organized a picnic for our students to Rangoli Village, a theme park that offered a unique opportunity for our students to connect with nature and learn about the rural life. The students had a great time exploring the park and participating in various activities. I would like to thank our dedicated teachers and staff for their hard work and commitment to ensuring that our students receive the best education possible. Their enthusiasm and passion for teaching have been instrumental in creating a warm and nurturing environment for our children to learn and thrive. Most importantly, I would like to thank our wonderful students and their families. Your support and cooperation have been greatly appreciated, and we are grateful for the trust you have placed in us to educate and care for your children. As we say goodbye to the academic year, I look forward to the new opportunities and experiences that the next year will bring. Once again, thank you for your support and have a wonderful summer break.

Editorial

As we come to the end of another academic year, we would like to take this opportunity to express our gratitude for the privilege of teaching your children. It has been a year full of events, celebrations, and learning, and we are proud of the progress that your children have made. Our preschoolers have had the opportunity to learn and explore in a safe and nurturing environment. We have focused on developing their social, emotional, and cognitive skills, and we have witnessed them grow in confidence and independence. We have celebrated many achievements together, from the first steps and first words to the first friendships and acts of kindness. We have also learned about different cultures, traditions, and values, and we have embraced diversity and inclusion. We would like to thank you, the parents and guardians, for your support and partnership throughout the year. Your involvement in your child's learning journey is invaluable, and we appreciate your collaboration, feedback, and contributions. As we say goodbye to the PP2 who will move on to new school, we wish them all the best for their future endeavors. We are confident that they have a strong foundation for lifelong learning, and we hope that they will continue to be curious, creative, and compassionate. To the students who will return next year, we look forward to continuing our journey together. We have exciting plans for the upcoming academic year, and we can't wait to see what new adventures and discoveries await us.

Once again, thank you for entrusting us with your children's education and well-being. We are honored to be a part of their lives and yours.

Warmest regards,

The Teachers and the Editorial Board

SPORTS DAY

Sports day is an important event for preschool children as it promotes physical activity, social interaction, and skill development. Overall, sports day is an important event for preschool children as it provides an opportunity for them to engage in physical activity, develop social skills, and build confidence. It also fosters a love for sports and a healthy lifestyle that can last a lifetime.

LITERARY FEST

The Novus School recently organized a literary fest that celebrated the work of some of the most beloved children's authors of all time, including Eric Carle, Julia Donaldson, Roald Dahl, and Indian stories from Panchatantra. The festival was designed to promote the love of reading in preschoolers by exposing them to a variety of stories, characters, and themes. The festival featured interactive storytelling sessions, book readings, and performances that engaged young readers in the world of literature. The children were encouraged to ask questions, share their thoughts, and participate in activities that allowed them to explore the themes and characters in the stories they were reading. By showcasing the stories of these children's authors, the festival aimed to develop a love of reading in preschoolers. By exposing young children to stories that are both entertaining and educational, they are more likely to develop a lifelong love of reading.

The festival also celebrated the rich cultural heritage of India by featuring stories from Panchatantra, a collection of animal fables that has been passed down through generations. By exposing children to these classic stories, the festival aimed to instill in them an appreciation for India's literary heritage.

Overall, the literary fest organized by Novus School was a great success. It not only introduced preschoolers to some of the best children's authors of all time, but it also encouraged them to explore the themes, characters, and stories that they love. By developing a love of reading at an early age, the festival has set these children on a path towards a lifetime of learning and discovery.

LITERACY

At Novus, we recognize the importance of developing literacy skills in preschoolers through hands-on activities and experiential learning. Research has shown that children learn best when they are actively engaged in the learning process and can apply what they have learned in real-world contexts. Hands-on activities provide a more meaningful learning experience, which can lead to better retention and understanding of language concepts. Through our literacy program, we incorporate a variety of hands-on activities such as storytelling, puppetry, dramatic play, and interactive reading sessions. These activities engage children in the learning process and provide opportunities for them to practice their language skills in a safe and supportive environment. Experiential learning also helps children develop critical thinking and problem-solving skills. By engaging in hands-on activities, children learn to observe, hypothesize, and experiment, which supports their cognitive development and fosters a love of learning. In addition, hands-on activities provide opportunities for children to collaborate and communicate with their peers. Through group projects and activities, children learn to work together, share ideas, and express themselves, which supports their social-emotional development and enhances their language skills. In conclusion, developing literacy skills through hands-on activities and experiential learning is critical for children's academic, cognitive, and social-emotional development. At Novus School, we believe that children learn best when they are engaged, challenged, and supported, and we are committed to providing a rich and meaningful learning experience for our preschoolers.

NUMERACY

At Novus, we understand the importance of developing numeracy skills in preschoolers through hands-on and activity-based learning experiences. Our numeracy program is designed to engage children in fun and interactive activities that help them develop a strong foundation in math concepts. Through our activity-based numeracy program, children have the opportunity to explore math concepts through play, games, and real-life experiences. We use a variety of materials such as blocks, puzzles, and manipulatives to help children understand mathematical concepts and develop problem-solving skills. Our program emphasizes the development of number sense, which is the ability to understand the relationship between numbers and how they relate to real-world situations. Children learn to count, compare, and manipulate numbers through activities such as sorting, matching, and measuring. In addition, our program also focuses on developing spatial reasoning and geometry skills through activities such as building structures and creating patterns. Children learn to identify shapes, recognize patterns, and understand spatial relationships through hands-on experiences. Overall, our activity-based numeracy program at Novus provides a fun and engaging learning experience for preschoolers that supports their cognitive, social-emotional, and academic development. By developing a strong foundation in numeracy skills, children are better prepared to tackle more complex math concepts as they progress through their education.

CELEBRATIONS

At Novus, we believe in celebrating festivals to help our preschoolers understand and appreciate the rich cultural heritage of India. Festivals provide an opportunity for children to learn about the diverse customs, traditions, and beliefs that make up our country's cultural fabric. We celebrate a range of festivals throughout the year, including Diwali, Holi, Christmas, and many others. During these celebrations, we engage children in a range of fun and interactive activities that help them learn about the significance and history of each festival. For example, during Diwali, we teach children about the legend of Lord Rama and Sita and the importance of lighting diyas and decorating the house with rangolis. We also engage children in arts and crafts activities such as making diyas and creating rangolis, which help them understand the symbolism and importance of these traditions. Similarly, during Holi, we teach children about the legend of Prahlad and Holika and the significance of playing with colors. We engage children in fun activities such as water play and color mixing, which help them understand the cultural significance of the festival and develop their fine motor skills. Overall, celebrating festivals at Novus School provides a unique opportunity for our preschoolers to learn about India's cultural diversity and develop a sense of pride and respect for their cultural heritage. By understanding and appreciating our country's traditions and customs, children are better prepared to embrace diversity and become responsible and empathetic citizens.

On February 28th, 2023, preschool children at Novus celebrated National Science Day by participating in a series of age-appropriate experiments. The children were enthusiastic and eager to learn, and their curiosity and excitement were palpable throughout the day. Throughout the day, the children were engaged, curious, and eager to learn. They asked thoughtful questions and showed a genuine interest in science and experimentation. National Science Day provided a wonderful opportunity for these young children to explore and discover the wonders of the world around them.

FUN ACTIVITIES

Novus is a wonderful place for preschoolers to engage in a variety of fun activities. Here are a few examples, The importance of engaging preschoolers in fun activities at Novus cannot be overstated. Play-based activities promote cognitive, physical, and social development in young children. Through play, children learn problem-solving skills, language and communication skills, and develop their creativity and imagination. Additionally, play helps children develop important social skills such as cooperation, sharing, and empathy. Overall, Novus provides a safe and nurturing environment for preschoolers to explore, learn, and have fun. Engaging in these activities will not only help your child develop critical skills but also foster a love of learning and exploration that will last a lifetime.

AWARDS

Novus Preschool winning awards for "Best Budget School" and "Best Pedagogy" being recognized as one of the "Top Preschools" is a significant achievement that showcases the school's excellence in providing quality education at an affordable cost. Winning these awards not only highlights the dedication and hard work of the faculty and staff at Novus Preschool but also builds trust and credibility among parents who are seeking the best education for their children. Being recognized as a "Best Budget School" indicates that Novus is not only focused on providing quality education but also committed to making it accessible and affordable. On the other hand, being one of the "Top Preschools" signifies that Novus Preschool has met and surpassed the standards of excellence in early childhood education. This recognition highlights the school's commitment to providing a holistic learning experience that nurtures children's intellectual, emotional, social, and physical development. Overall, winning these awards reinforces Novus Preschool's reputation as a premier educational institution that prioritizes affordable quality education. We are also proud to announce that our founder Ms Soujanya was awarded International "Excellence Award For Best Pre-school"
